

Beautifying Living Spaces

WHAT IF EVERYTHING WE IMAGINE CAN BECOME A REALITY?

That is the question we ask ourselves every day. That way, we don't have to worry about what we can or what we cannot. Instead, we are inspired to imagine more and create better, to believe more in ideas that can transform the spaces we live in and thus change the lives we touch.

IMAGINE. IMPLEMENT

OUR STORY

Pegasus Panels Pvt. Ltd. was founded in the year 2017 as a subsidiary of the Asiatic Group, Mumbai. With over 30 years of experience in the space of architecture and interior design, the company built its first sprawling high-tech manufacturing unit in Gandhidham, Gujarat, which has a production capacity of more than 3.6 million laminates per year.

Drawing from its rich experience, industry knowledge & unmatched expertise, the company soon grew to be the most revered laminate manufacturer in India. Pegasus Panels Pvt. Ltd. now fabricates innovative & futuristic collections that have redefined the world of laminates. It has influenced the market to look at the imaginative possibilities of surface designs, thus positioning itself as one of the most dynamic brands in the industry. Its progressive approach to surface designs helped the company speedily expand its network PAN India. Currently, it has offices in Mumbai, Delhi, Ahmedabad, Chennai, Coimbatore & Kolkata, as well as Augmented Display Galleries all over the country.

DORBY MICA

Dorby Mica has revolutionized the laminate industry with futuristic designs that are a blend of functionality & aesthetics. Its design philosophy – Imagine. Implement., transcends industry norms, carving a niche for itself amongst the Architect & Interior Designer community. All Dorby Mica sheets are made with the finest quality European Paper and are thoughtfully designed to beautify living spaces beyond compare.

The premium **Surface Matters Collection** by Dorby Mica, offers a range of signature designs & exquisite textures, while the **Canvas Collection** by Dorby Mica is a curation of customizable highlighter laminates that accentuate spaces. In keeping with the trends of recent times, the brand launched the **Vesta Collection** by Dorby Mica, in the 0.8 mm thickness range and curated the **Arc Collection** by Dorby Mica, which offers an array of quality inner lining laminates. The **Vibron Collection** by Dorby Mica is the brand's latest laminate collection, consisting of bright, bold & pastel hues that are sure to make every space a visual delight.

Impressive yet
Impression-free Surfaces

Synchromatch Collection Realistic Wooden Textures

MF Impregnated décor paper

Specially chosen décor paper that is impregnated with MF resin and impressed using a matching stainless steel finishing plate.

Impregnated kraft paper

Kraft paper that has been impregnated with PF resin and provides impact resistance and prevents bowing of the laminate panel.

**Brighten up
your world**

Vibron®

COLOUR
CHANGES
EVERYTHING

Vibrant hues have a way of infusing a space with cheerful energy. They invigorate the senses, evoke certain moods and prompt creativity. In a dull & monotonous world, a pop of colour feels like an oasis of bliss. And this very feeling, is what the Vibron Collection by Dorby Mica aims to encapsulate. Through an array of finishes like leather, matte suede and more, the Vibron Collection can help you demonstrate your mood, personality & vibe with bright, bold & pastel shades.

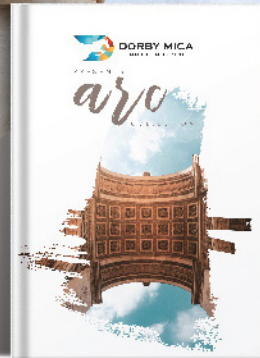

Dorby Vesta is a collection of interesting & glamorous laminate designs in the 0.8 mm thickness range. This collection has been created to add a sense of style to your surfaces. Each surface design is ahead of its time, making it the perfect choice for trendy places.

The second volume of the newly launched Canvas Collection by Dorby Mica is a range of statement laminates that help your spaces stand out with an uncommon view. These exquisite & artistic surfaces in the 1 mm thickness range are sure to be the focal point of any room. These customizable highlighter laminates are truly designed to be awe-inspiring.

Beautiful from within The Arc Collection by Dorby Mica

Designed to keep the insides as spectacular as the outsides, the Arc Collection by Dorby Mica catalogue is a range of Interior laminates for drawers, cabinets, and wardrobes. It is built for durability & easy cleaning and designed to perfectly complement any surface that you pick from Dorby Mica's innovative laminate

What makes us the most preferred laminate brand?

Dorby Mica is the most sought-after laminate brand not only because of its innovative designs but also because of its uncompromised quality. Every laminate is made from the finest European papers and comes with protective layers that make them resistant to bacteria, heavy weight, weather change and more.
